

ENDWELL FIRE DISTRICT

PHYSICAL FITNESS ROOM POLICY

Number: 2024 - 30

Adopted: January 10, 2024

I. SCOPE:

It is recognized that firefighters must maintain their physical condition to safely and effectively perform the tasks associated with emergency services. The Endwell Fire District acknowledges the physical demands placed on our first responders and encourages all firefighters to utilize the facilities available to ensure they are prepared to meet the physical challenges of all emergencies.

II. OBJECTIVE:

The objective of this policy is to establish expectations and procedures for the use of the physical fitness room to provide a clean, orderly environment for all users of the room.

III. GUIDELINES:

A. Authorized users of the Physical Fitness Room:

1. Active members of O.L. Davis Fire Co. after completing all new member drills.
2. Life Members and Auxiliary Members of O.L. Davis Fire Co.
 - a. Must annually provide an Authorization form signed by a Primary Care Physician (see attachment #2 to this Policy) to be eligible to use the fitness room.
 - b. Life Members and Auxiliary Members are responsible for any and all medical bills, travel expenses, or costs that arise from having their authorization form completed.

B. As with all physical fitness programs, all users should consult with their personal physician before starting a program. Active members and Explorers must have completed their annual physical in accordance with Article III of the District Rules & Regulations. Any active member who has not completed his/her annual District requirements shall not use the fitness room until their deficient requirements have been completed.

C. All equipment shall be utilized in accordance with manufacturers' guidelines.

D. In the event that workout equipment is damaged or broken, the user shall notify the Commissioner who is responsible for the building as well as the Fire Company Workout Committee Member via email and copy the Endwell Fire District Secretary.

E. Users shall utilize sound judgment and safe practices while exercising. Whenever possible, it is recommended that users train with a partner who is a member of the organization. To be covered by insurance, all users must individually use their fob to access the room and must sign the provided "sign-in" sheet.

F. Users must recognize that males and females will be working out together at times. Therefore, proper and appropriate "gym attire" is required, which includes sweatshirts, sweatpants, shorts, t-shirts, and sneakers. No bare feet or sandals are permitted. No clothing with studs, rivets, or exposed zippers (such as jeans) is permitted, as this may damage certain equipment.
