

ENDWELL FIRE DISTRICT
Rules and Regulations

DRIVER SAFETY COURSE REIMBURSEMENT	
Number: 2021-21	Adopted: September 15, 2021

Reimbursement for defensive driver / point and insurance reduction programs

In order to encourage safe driving by all of our members on and off the fire ground, the Endwell Fire District will pay up to \$25 to any member who takes a Defensive Driving Class that meets New York State DMV's requirements for Point and Insurance Reduction Program (PIRP). The Fire District will also pay for the member's spouse to take a similar class.

Proof of successful completion of the PIRP class (certificate or similar proof) along with a receipt showing the cost of the class must be submitted for reimbursement.

Since the class is good for three (3) years, the member or spouse will only be reimbursed for one class in a 3-year period.

Reviewed and Adopted: September 15, 2021
Adopted by Board of Fire Commissioners
